Our Cultural Heritage

One day the students of grade four of Kanpur Secondary School of Kavrepalanchowk district were taken to a nearby temple on an educational tour. The Social Studies teacher also accompanied the tour team. She divided the students into four groups and assigned them task. Hiramaya's group was to take notes of the main things. Her group took notes in the following way:

Place: Pokhari Narayan Isthana

District: Kavrepalanchowk

Temple: Narayan Temple

Temple and things around it: The door of the temple is to its south. To the west, a pillar of stone stands. In one pillar, several tridents are planted. To the south, there remains a Pati. It is surrounded by walls. The gate serves as entrance to inside. This is on the top of the mountains. Around the place, there are big trees. No one cuts the plants here. There is a big pond. The rain water is collected there. On the other side of the pond, you can see a school and a health post. You find villages around the jungle. We can see the Himalayas mountain and villages far off. The place is to the east of the school. It takes one and half hour to reach there. The way is up-climb. The place is very beautiful.

When students finished their tasks, they were asked to present their work one by one. The teacher asked them to add some more points when they finished their presentations. In the evening they all returned home with wonderful memories to share with family and friends.
