iv. Ka Ngot was not enjoying the race.

Subject- Social Studies

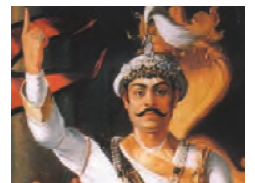

**Our National Heroes: Prithivi Narayan, Balabhadra and Amar Singh**

*Mukesh had an exciting dream last night. In his dream, he met some of our national heroes. He spoke to them. The following is the conversation he had with them:*

Mukesh: Namaste. I am Mukesh. You look like Prithivi Narayan Shah.

Prithivi: Yes, I am Prithivi Narayan. I am the one to begin the unification of several scattered states into one single Nepal.

Mukesh: Then, please tell me, why do you raise your one index finger in your statue?

Prithivi: Great question, Mukesh! It signifies all Nepali as one. We will be strong if Nepal remains united. Though we are of different castes with different languages, we all need to live in peace and harmony.

Mukesh: Did you do the great deeds of unification of Nepal alone yourself?

Prithivi: Not at all. I worked out a plan and set on it. I encouraged the army to accomplish the task of unification. They were brave and daring to make it happen. At that time, there were fears from India and China. The Nepalese knew how to defend the country from those fears.

Mukesh: Now, I would like to ask a question to Balbhadra. Is it true that you showed a great courage at Nalapani ?

Balbhadra: Yes, Mukesh. We kept fighting against the British soldiers. We had only a little food and water. But we didn't give up hope. The every force tried every way to tempt me. But I was not the type to be tempted. It was our duty to protect our country. If bold people like us had not defended this country, we would have lost this country. We were ready to die for the country. We never surrendered to the foreigners.

Mukesh: I heard that you were of self-respect nature. Is that true, great Amar singh?

Amar Singh: Yes, you are right. Once, the Britons urged me to join them to work for them. They also offered me a high rank and cash. I was not a person to be tempted by such thing. Only traitors deceive the country.

Mukesh: Nowadays, many wish to go to a foreign country. Why didn't you do so? You were offered money and rank?

Amar Singh: Mukesh, nothing is superior to the **Amarsingh Thapa** country you were born in. If the wise, the capable, and the brave escape duties, who else will take up responsibilities? Who will protect it? That's why, we lived here and fought for it.

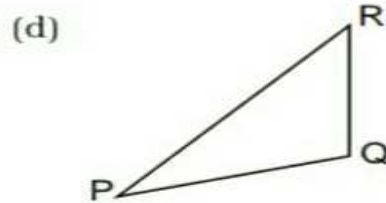

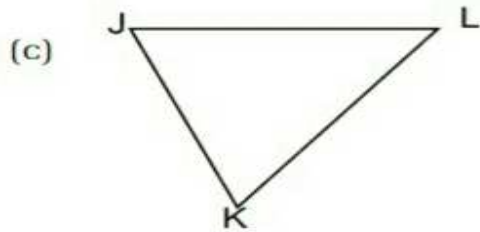

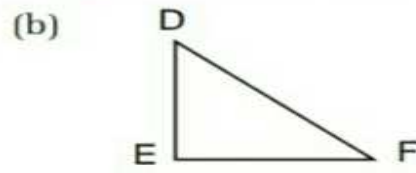

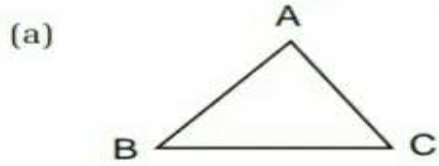

### Activities

1. What lessons have you learnt from Prithivi Narayan Shah, Balbhadra and Amar Singh? Write in short.
2. List the names of six national heroes of Nepal.

**Subject- Mathematics**

**1. Measure the angles in these triangles and find their sum.**

**The End.**
