Assignment-2077

(Ashad 05, 2077, Friday)

Class: Ten

Subject- English

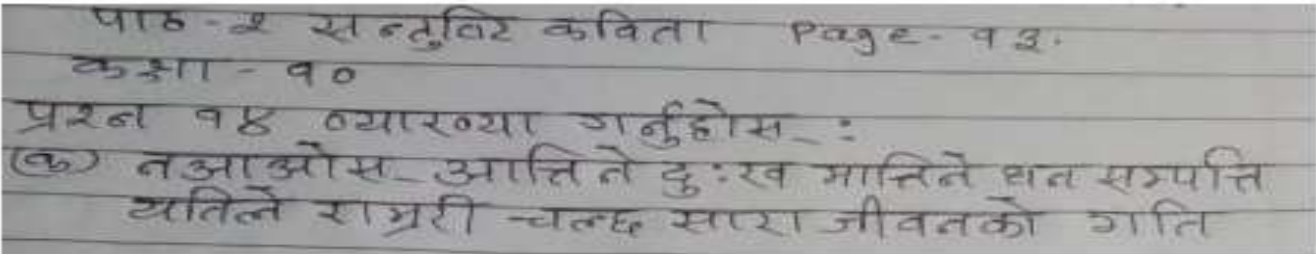

E-book of Class 10
Unit 3: Reported Speech
Pg. 27 Ex. 1 and 2.

Subject- HPE

1. What is HDI? Elucidate its concept in three paragraphs.
2. What is PQLI (Physical Quality of Life Index)? Write in two paragraphs.

[Note: The reference material is found in HPE Google Classroom.]

विषय - नेपाली

Subject- Computer

1) **Answer the following questions:**

- a) What is antivirus? List some examples of popular antivirus.
 - b) What is modular programming? Write its advantages.
 - c) Define the local variable and global variable.
- 2) Write a program to input base and height of a triangle and calculate its area.
[Hint: $a = 1/2 \times \text{base} \times \text{height}$]
 - 2) Write a program to input initial velocity, time taken and acceleration of a running car and calculate the distance travelled by it using FUNCTION procedure. [Hint: $s = ut + 1/2at^2$]

The End.
