

Riviera International Academy

Assignment-2077

(Baisakh 17, 2077, Wednesday)

Class: Four Date:- _____ Name:- _____

Subject – English

1) Read the passage and do the following activities:

The first great discovery that man probably made was fire. We light a fire now by a match. But, of course matches are quite recent things. In old times, fires were made by rubbing two flints against each other till a spark came, and this spark set fire to a piece of dry straw or some other dry things. The fire kept men warm in winter and frightened away his enemies.

Questions:

- a) How did the people in old times make a fire?
- b) How is fire made today?
- c) Find antonyms of these words from the passage:
Cold Ancient Wet
