Assignment-2077

(Bhadra 31, 2077, Wednesday)

Class: Three

Subject- Creative Writing

Part A: Read about Mary the musician and answer the questions.
Write full sentences please.

This is Mary. She's a musician. She's tall and beautiful. She works in a studio and a concert hall. She plays the piano.

Every day she gets up at nine o'clock in the morning. She takes a shower and gets dressed. She drinks a cup of tea and eats some toast. At ten o'clock, she takes a taxi to the studio.

In the studio, she plays the piano. She writes new songs and makes CDs. At one o'clock, she goes to the restaurant. She eats lunch with her friends. At three o'clock, she goes to the studio again. She plays more music and sings. At six o'clock, she goes home and has dinner.

She goes to the concert hall at eight o'clock. She plays her music for lots of people. They like her songs. She goes home at eleven o'clock. She is very tired and she goes to bed.

1. What's her name? _____
2. Where does she work? _____
3. Is she tall? _____
4. Does she drink coffee in the morning? _____
5. Does she ride a bike to work? _____

Subject- Science

Give one word.

- (a) Animals living in water are called _____.
- (b) Animals living on land and in water are called _____.
- (c) Animals living in our homes are called _____.
- (d) Animals living in the jungle are called _____.
- (e) Animals spending a lot of time in the air are called _____.

Subject- Social Studies

Learn lesson 12 (Rules in our public places)

Subject- Mathematics

Addition - How many altogether?

Breaking of numbers - Adding faster!

Classwork - Exercise

1. Let's break a number in 10, 20, 30, ... Then find the totals as quickly as possible.

$$\begin{array}{l} \text{a) } 12 + 14 = 10 + 14 + 2 = 24 + 2 = 26 \\ \quad \downarrow \\ \quad 10 + 2 \end{array}$$

I liked this trick 
 $13 + 11 = 10 + 11 + 3$
 $= 21 + 3 = 24$

b) $12 + 13 = \underline{\quad} + \underline{\quad} + \underline{\quad} = \underline{\quad} + \underline{\quad} = \underline{\quad}$

c) $14 + 15 = \underline{\quad} + \underline{\quad} + \underline{\quad} = \underline{\quad} + \underline{\quad} = \underline{\quad}$

$$\begin{array}{l} \text{d) } 21 + 12 = 20 + 12 + 1 = \underline{\quad} + \underline{\quad} = \underline{\quad} \\ \quad \downarrow \\ \quad 20 + 1 \end{array}$$

It's interesting! 
 $24 + 14 = 20 + 14 + 4$
 $= 34 + 4 = 38$

e) $23 + 11 = \underline{\quad} + \underline{\quad} + \underline{\quad} = \underline{\quad} + \underline{\quad} = \underline{\quad}$

f) $35 + 14 = 30 + 14 + 5 = \underline{\quad} + \underline{\quad} = \underline{\quad}$

g) $33 + 16 = \underline{\quad} + \underline{\quad} + \underline{\quad} = \underline{\quad} + \underline{\quad} = \underline{\quad}$

The End.
