Social Organizations

Social ills and evils have been pushing our society far behind day by day. There are a number of social problems in our society. We cannot solve them all at one strike. In order to solve them, the local institutions like local level Club, Scouts, Red Cross and *Aama Samuha* must play an important role.

“Rescue a Youth Victim of Bad Habit”

A youth in a village used to take drugs and disturb the society. His parents counseled him a lot. But their council had no effect on him. He would rather argue with them. His father was much upset informed the police. The police had to use a great force to get hold of him. While using force to catch him, his eye got injured. His father was worried if it would lose his eyesight. So, he sought help in the community. The members of club assembled. They pleaded that such a person should not be taken to the police. First, he should be taken to a Rehabilitation Centre to rid him of his bad habit and then take legal. The youth was admitted to a Rehabilitation Centre. He was rid of his bad habit, and was imprisoned for trapping his friends and juniors in drugs. Today he has realized that a bad habit takeaway time, prestige, health and wealth. Now he says nobody should do whatever he had done.
