Traffic Rules

Many people live in the town. A number of vehicles also ply on the roads. At times, accident takes place due to crowd and vehicles. To avoid accidents, a set of strict rules are made for pedestrians and drivers. They are called traffic rules. The traffic rules that we must follow are as follows:

1. We should cross the way only from Zebra Crossing, subway and overhead bridge.
2. Pedestrians should cross the way only at green light with a figure of man. Also, they must look left and right while crossing the road.
3. Also, look at the signals of traffic police before crossing the road.
4. Never ever cross the way at bends and a vehicle stopped on the road.
5. While crossing the road, look at your left and right to see vehicles are not to close. Cross the road slowly.
6. Always use the footpath. In case of no such facility, always keep to left of the road.
7. Learn to line up while walking through the road or the way made for pedestrians.
8. Do not give signals to stop the vehicle randomly. You should get on the vehicles only when they come to a stop.
9. You should not pop out your head off the window while driven.
10. You should look at your left and right while getting off the vehicle. Also, you should get off when the vehicle stops completely.
11. When children pillion rides a motorbike, you should sit in between two persons. Never play on the road.
12. You should not set free your pets on the road. Similarly, do not dry grains, straw and other things on the road. Also, do not put iron rods, stones and sand on over there.

We must always follow the above traffic rules. Maybe our parents do not know it then, inform them to do so.
