Subject - Social Studies

Ways to Eliminate Social Evils

- 1. What slogans are written in the play cards carried by the students in the given picture?
- 2. Are the students doing the right work? Explain.
- 3. Read the following pamphlet and answer the questions below:

Don't blind-support Superstitions
Brothers and sisters! Health Post is already there in our locality. But only a few locals come there for treatment. They believe in Dhami. This is a blind belief. The disease is cured by medicine not by Dhami, Jhakri. Germs cause infection. Dhamis have nothing to do with infection and cure. Therefore, do not run after superstition. Bring your patients to Health Post immediately if sick.
**Primary Health Center
Nangdada**

- a. According to the pamphlet, what types of social evils are there in the society?
- b. Why didn't people go to Health Post?
- c. How do we get infected by disease?
- d. What should we do to cure disease?
- e. What did you learn from this pamphlet?
