Your Destination for 21st Century Skills

INTRODUCING RIVIERA...

Riviera International Academy is an educational institution where an optimal and safe learning environment exists for children. It creates an atmosphere that ensures knowing every student's intellect level and enhances students' ability to learn and encourages them to lead. Students here are enlightened with cultural, social and psychological awakening for their overall personality development that makes them capable, disciplined and responsible citizens. It develops the confident and resourceful individuals who lead productive lives while contributing to their society, their country and the world. So, it has diverse package of educational resources and programs with sound professionals. Small classes, dedicated teachers and personal attention make its education distinct. As such, Riviera has come up in the academic arena with an exclusive vision and a goal-oriented mission.

At Riviera, the students learn to think critically, see differently, speak confidently and live meaningfully.

VISION

Transforming the students into complete citizens to lead the nation by enriching their mind, body and soul.

MISSION

1. Inculcating 21st century skills in the students to make them able to compete in the global market successfully.
2. Helping them to learn who they are, how they contribute to their communities and how they can become responsible citizens of the country.
3. Making them self-disciplined, self-reliant and self-confident.
4. Instilling in them academic knowledge, technical skills and leadership quality.
