Editorial

We are pleased to come up with the second issue of Riviera newsletter-2074. As usual, in this issue, we have included the information of the activities conducted in the school and the achievements made by the students. Our emphasis here is on both academic as well as co-curricular and sports related activities to ensure the comprehensive personal growth of the children. A glimpse of inter-school activities in which Riviera has achieved the awards is also given a valuable space here. Since it is completely a news forum, writings of students are not given any priority.

Though we have tried to become error-free, we do not claim as such. We heartily welcome the comments, suggestions from the parents, guardians and readers who have always supported the school in all these endeavours. Lastly, we also wish to thank all the teachers, staff and students for their contribution in making this publication a success.
