

## Accountancy

1. State the meaning of book-keeping
2. Write any three objectives of book-keeping
3. Define accounting.
4. Write any one difference between book keeping and accounting.
5. What is business entity concept?
6. Define double entry book keeping system.
7. Write any four examples of current assets.
8. Write any four examples of fixed assets.
9. What do you mean by trial balance?
10. Write any two objectives of a trial balance
11. **The following transition is given to you.**
  - a) Started business with cash Rs.2,00,000 and furniture Rs.50,000
  - b) Goods purchased of Rs.10, 000 on credit.
  - c) Goods costing Rs.30, 000 sold at a profit of Rs.5,000.
  - d) Good lost by fire Rs.10,000
  - e) Salary paid Rs.6,000

**Required: Accounting Equation**

12. [a] **Following information is given to you:**

2060, Baisakh 5: Purchased from B & B Markets.

15 kg. tea @ Rs.200 per kg.

50 kg. sugar @ Rs.30 per kg.

2060, Baisakh 10: Purchased from X & Y traders on cash

10 kg. tea @ Rs.190 per kg.

2060, Baisakh 20: Purchased from Karan & Co.

300 lbs coffee @ Rs.20 per lb

100 kg sugar @ Rs.29 per kg

(Less: Trade discount @ 10%)

**Required (i) Purchase Book**

- [b] **Following sales transactions are given to you.**

January 1, Sold goods on credit to Tara of Koshi.

100 ceiling fans @ Rs. 1500 each

50 table fans @ Rs. 1000 each

Trade discount at 10% both items

Carrying charges Rs. 2000

January 10, Sold Old Building to Indra on credit for Rs. 40,000

January 14, Sold to Ramesh Store, Kathmandu

5 Rice cookers @ Rs. 1000 per unit less 10% trade discount

4 Heaters set @ Rs 2000 each

January 29, Sold 500 Liter Freeze for cash Rs. 10000 less 10% cash

Discount **Required: Sales Book**

**Note : Prepare a fair note of all the topics covered till date.**

## XI Management

### Business Studies

1. Explain about the objectives of business.
2. What are the components of business? Explain each of them.
3. Write the various functions of business and explain each of them.
4. “World without Business is not possible in this era of globalization”. In the light of this statement, discuss the importance of business.
5. What is business environment? Explain the internal environment of business.
6. What are the external factors of business environment? Explain

**Note: Prepare a fair note of all the topics covered till date.**

## Economics

**Theoretical Question:**

**Text Assignment**

1. Critically explain Robbin’s definition of economics.
2. What are the features of labour?
3. Explain the various types of goods.
4. Explain Adam Smith’s definition of economics.
5. Explain the Marshall’s definition of economics.
6. What do you mean by positive and normative economics?

**Text Assignment (On the basis of Self Study)**

7. Discuss about the characteristics of agriculture in Nepal?
8. Describe the importance of water resources in Nepalese economy?
9. What are the problems of tourism in Nepal?

**Project Report**

10. Prepare a plan related to the business ideas which can help you earn the wealth and develop the economy of your locality. (You can add pictures if you want).

**Sample format**

Business Name:

Introduction:

Business Idea:

Why this business is helpful for development of your area?

What can be the challenges in this business?

**Conclusion.**

**Note: Prepare a fair note of all the topics covered till date.**

# DASHAIN-TIHAR VACATION HOMEWORK-2079

## Hotel Management

1. Define hospitality. Explain its characteristics.
2. Explain hospitality industry, hospitality and service.
3. Define tourism. Explain its characteristics and types.
4. Explain history of modern tourism.
5. Explain growth and development of tourism in Nepal.
6. Explain 4A's of tourism.
7. Explain impact of tourism on Social/Cultural aspect.
8. Explain impact of tourism on Economical aspect.
9. Explain impact of tourism on Environmental/Ecological aspect.

Note: Above mentioned questions should be maintained in your journal.

## XI Management

### Computer Science

1. Attempt all the questions of the recent computer science question paper.
2. Create a slide presentation using MS power point about the history of computer and the generations of computer. You are required to create at least 10 slides adding some images relevant to the contests and submit the printed slides on A4-sized papers.

### English

1. Why does the poet compare the world with a stage ?( *All the World a Stage* )
2. Write a summary of the poem "A Red Red Rose". ( *A Red Red Rose* )
3. Why do you think spring season never came to the giant's garden ?( *The Selfish Giant* )
4. What does the speaker promise at the end of the poem ?( *The Gift in Wartime* )
5. Write an essay about the growing unemployment problem in Nepal.
6. Write an essay about the advantages and disadvantages of using the mobile phone.

Note: Prepare a fair note of all the topics covered till date.

## Nepali

- १) वर्ण र अक्षरमा के भिन्नता छ ? नेपाली भाषाका लेख्य वर्ण र कथ्य वर्णका स्वर वर्ण व्यञ्जनहरू लेख्नुहोस् ।
- २) उच्चारण स्थान र उच्चारण प्रयत्नका आधारमा नेपाली भाषाका कथ्य व्यञ्जन वर्णहरूलाई चिनाउनुहोस् ।
- ३) घोषत्व र प्रणत्वका आधारमा नेपाली भाषाका कथ्य व्यञ्जन वर्णहरूलाई चिनाउनुहोस् ।
- ४) शब्दनिर्माण प्रक्रिया अन्तर्गत उपसर्ग, प्रत्यय, समास, द्वित्व र सन्धि प्रक्रियाबाट बनेका शब्दको बीस बीस ओटा शब्द बनाई तालिकामा देखाउनुहोस् ।

**Note : Prepare a fair note of all the topics covered till date.**

## XI Management

### Social Studies and Life Skills

- १) अनिर्णित हुनुकाकुनै अवस्था लेख्नुहोस् ।
- २) निर्णय प्रक्रियामा समस्या पहिचान भनेको के हो ?
- ३) सामाजिक अध्ययनका सिपहरू लेख्नुहोस् ।
- ४) समस्या समाधानका चरणहरू लेख्नुहोस् ।
- ५) सामाजिक अध्ययन र सामाजिक विज्ञान बीचको फरक लेख्नुहोस् ।
- ६) सामाजिक अध्ययन र जीवनोपयोगी शिक्षाको महत्व दर्साउनुहोस् ।
- ७) निर्णयका कुनै चार प्रकार छोटकरीमा लेख्नुहोस् ।

**Note : Prepare a fair note of all the topics covered till date.**

### Book for Reading

- You Can Win
- The Kite Runner
- Eat that Frog
- Thousand Splendid Sun

## Accountancy

1. Cash flow statement. Exam type problems 1, 2, 3, 4.
2. Cost sheet and Tender sheet. Exam type questions: 3, 4, 5
3. LIFO, FIFO and Average Method questions: 7, 8, 9
4. Final account questions: Exam type questions: 10, 11, 12
5. Solve SET A and SET B Exam Question Papers.

**Note: Prepare a fair note of all the topics covered till date.**

## XII Management

### Business Studies

1. What is management? Explain the characteristics of management.
2. Write the meaning of scientific management. Describe the principles of Taylor's scientific management.
3. Planning is the basic function of management.' Explain.
4. Define decision-making and show the importance of decision making in management.
5. Prepare a Business Letter:
  - a. Application letter
  - b. Complaint letter
  - c. Enquiry letter
6. What is conflict management? Suggest the appropriate technique of conflict management.  
Report: Prepare a Business plan related with your locality.

**Note: Prepare a fair note of all the topics covered till date.**

### Economics

#### Theoretical Question:

##### Text Assignment

1. Explain Production Possibility curve.
2. Explain short run cost curve.
3. Describe the role of banking sector.
4. How is output determined under perfect competition market?
5. How is output determined under monopoly?
6. Explain the function of central bank.
7. Explain the function of commercial bank.
8. Write the sources of government revenue.
9. Differentiate between direct and indirect tax.

#### Project Report

10. Write a report enlisting the following points: (You can add pictures to clarify the situation properly)
  - Introduction about the place you want to visit in Nepal.
  - With whom you want to visit that place and why?
  - How the local tourism of that place can be developed?
  - Explain the problem and challenges faced by tourism sector of that area.
  - Conclusion.

**Note: Prepare a fair note of all the topics covered till date.**

# DASHAIN-TIHAR VACATION HOMEWORK-2079

## Hotel Management

1. Explain elementary nutrition.
2. Define protein. Explain its functions and enlist its sources.
3. Define carbohydrate. Explain its functions and enlist its sources.
4. Define fats. Explain its functions and enlist its sources.
5. Define vitamins. Explain its functions and enlist its sources.
6. Define minerals. Explain its functions and enlist its sources.
7. Define balanced diet. Write its needs and importance.
8. Define food poisoning. Explain its causes.
9. Write the ideal condition required for bacterial growth also mention the main reasons for food poisoning.
10. Write the preventive measures of food poisoning.

**Prepare a report including all the topics mentioned above.**

**Note: Prepare a fair note of all the topics covered till date.**

## XII Management

### Computer Science

1. Attempt all the questions of the recent computer science question paper.
2. Visit the YouTube link <https://youtu.be/2KKXYKs9lk>, create the similar types of project using PHP, MySQL, HTML and Bootstrap and print all the sources codes and screen shots of your work on A4-Sized Paper.

**Note: Prepare a fair note of all the topics covered till date.**

### English

1. What does the poet mean by a 'new world' ? (*The Awakening Age*)
2. In what condition did the treasure hunters find the dead man? (*The Treasure in the Forest*)
3. What are the six dimensions of normative marriage? (*Marriage as a Social Institution*)
4. Why does Mrs. Baroda feel uneasy to her new guest? (*A Respectable Woman*)
5. When do you feel that Mrs. Actress is really good at acting? (*A Matter of Husband*)
6. Write an essay about the air pollution in Nepal.

**Note: Prepare a fair note of all the topics covered till date.**

# DASHAIN-TIHAR VACATION HOMEWORK-2079

## XII Science

### Biology

1. Write the difference between simple permanent tissues and complex permanent tissues.
2. Write the difference between xylem and phloem.
3. Define photophosphorylation. Write the difference between cyclic and non cyclic photophosphorylation.
4. Describe the Krebs's cycle with well labelled diagrams.
5. Draw a well labelled diagrams of secondary growth in dicot stem.
6. Describe the development of frog from cleavage to formation of primary germ layers.
7. Explain the alimentary canal of human with essential diagram.
8. Elaborate the physiology of digestion of food.
9. Describe the respiratory tract of human.
10. What is pulmonary ventilation? Describe it along with the structure of human lungs.
11. Describe tuberculosis along with its symptoms, treatment and preventive measures.
12. Describe glandular epithelial tissue in brief.
13. Elaborate the structure and function of skeletal connective tissue.

#### PROJECT WORK

Make a report on human influences on the site you visited as your field visit. (Champadevi)

**Note: Prepare a fair note of all the topics covered till date.**

### Computer Science

3. Attempt all the questions of the recent computer science questions paper.
4. Visit the YouTube link <https://youtu.be/2KKXYKs9lko>, create the similar types of project using PHP, MySQL, HTML and Bootstrap and print all the source codes and screen shots of your work on A4-Sized Paper.

**Note: Prepare a fair note of all the topics covered till date.**

### Chemistry

1. How would you prepare primary, secondary and tertiary alcohol from aldehyde and ketone?
- 2) How would you extract copper from copper pyrite?
- 3) Write the laboratory preparation of chloroform.
- 4) Write a short note on the factor affecting rate of reaction.
- 5) Define rate law and rate of reaction. Write the differences between order of reaction and molecularity of reaction.
- 6) What is meant by primary standard solution? A solution of conc.H<sub>2</sub>SO<sub>4</sub> contains 98% H<sub>2</sub>SO<sub>4</sub> by mass.
  - a) What is normality of this solution if the density of solution is 1.82 g/cc?
  - b) What volume of conc.H<sub>2</sub>SO<sub>4</sub> is required to neutralize 500 ml of 0.1 Na<sub>2</sub>CO<sub>3</sub>?
- 7) Write a short note on Faraday's law of electrolysis.
- 8) Write the chemistry of blue vitriol.
- 9) State and explain Ostwald's dilution law.
- 10) Write a short note on polymerization.

**Note: Prepare a fair note of all the topics covered till date.**

**Note: Prepare a fair note of all the topics covered till date.**

### Physics

- 1) Define SHM. Derive an expression for displacement, velocity, acceleration, time period and frequency of particle executing SHM.
- 2) Define simple pendulum. Show that its motion is SHM and hence derive an expression for its time period. Also, write four drawbacks of simple pendulum.
- 3) Show that the motion of horizontal mass-spring system and vertical mass-spring system is SHM. Also derive the formula for time period of each system.
- 4) With proper sketch, discuss the total energy of simple harmonic oscillator.
- 5) Using dimensional method, derive
  - a) Poiseuille's formula
  - b) Stoke's law
- 6) Define the terms: steady flow, turbulent flow & critical velocity. Also define the different types of energy possessed by moving liquid.
- 7) Define viscosity and write its cause. State the factors affecting the viscosity. Derive an equation of continuity.
- 8) Define surface tension & surface energy and hence derive the relation between them.
- 9) Define capillary action. Discuss the theory to measure the surface tension of liquid by capillary tube method.

### Project Work

Introduce surface tension with its cause & factors affecting it and study the significance of surface tension in our daily life.

**Note: Prepare a fair note of all the topics covered till date.**

### Biology

1. Define biomolecules. How these biomolecules influence the biological activities of living beings?
2. Draw a well labelled diagram of DNA.
3. Write the difference between DNA & RNA.
4. Describe the different types of amino acids.
5. Describe the relation of biology with other sciences.
6. Describe various life processes in detail with examples.
7. What is biodiversity? Describe its levels and significances.
8. Elaborate the structure of *Paramecium*.
9. Describe the process of conjugation in detail.
10. Explain the sexual cycle of *Plasmodium*.
11. Describe the asexual cycle of *Plasmodium*.
12. Describe the external apertures of earthworm along the structure of body wall.
13. What is alimentary canal? Describe it with reference to earthworm.
12. Elaborate the causes, effects and preventive measures of air and water pollution.

#### REPORT

Identify the different types of plants available in your community.

**Note: Prepare a fair note of all the topics covered till date.**

### XI Science

#### Computer Science

3. Attempt all the questions of the recent computer science questions paper.
4. Create a slide presentation using MS power point about the history of computer and the generations of computer. You are required to create at least 10 slides adding some images relevant to the contests and submit the printed slides on A4-Sized papers.

**Note: Prepare a fair note of all the topics covered till date.**

#### Chemistry

1. Write a short note on structural isomerism.
2. State and explain Dalton's law of partial pressure. Write its application.
3. 10gm of  $\text{CaCO}_3$  reacts with 7.665gm of HCL to produce  $\text{CaCl}_2$ ,  $\text{H}_2\text{O}$  and  $\text{CO}_2$ .
  - a) Find the limiting reactant
  - b) Find the no. of mole of unreacted reactant left over.
  - c) What mass of  $\text{CaCl}_2$  is produced?
  - d) Calculate the no. of molecules of  $\text{H}_2\text{O}$  produced.
- 4) Write the IUPAC name of the following compounds.
  - a)  $(\text{CH}_3)_2\text{CHCH}_2\text{COOH}$
  - b)  $\text{CH}_3\text{CH}_2\text{CH}_2\text{Cl}$
  - c)  $\text{CH}_3\text{CH}_2\text{-CHOHCH}_2\text{CH}_3$
  - d)  $\text{CCl}_3\text{CHO}$
- 5) Write the structure of the following compound.
  - a) Ethane diol
  - b) Propanoic acid
  - c) Butane-1,4-diol
  - d) 2,3-dimethyl butane.
- 6) How would you manufacture ammonia by Haber's process?
- 7) Write a short note on manufacture of nitric acid.

**Note: Prepare a fair note of all the topics covered till date.**

### Compulsory Mathematics

- Q.N. 1(xvii) on Page Number 413 of textbook. [DERIVATIVE]

#### PROJECT WORK

Draw 3 right angle triangles of different sizes and measure the sides of each. Prepare a table for the 6 different ratios of the length of the sides.

**Note: Prepare a fair note of all the topics covered till date.**

### XI Science

#### English

1. Why does the poet compare the world with a stage ? ( *All the World a Stage* )
2. Write a summary of the poem "A Red Red Rose". ( *A Red Red Rose* )
3. Why do you think spring season never came to the giant's garden? ( *The Selfish Giant* )
4. What does the speaker promise at the end of the poem? ( *The Gift in Wartime* )
5. Write an essay about the growing unemployment problem in Nepal.
6. Write an essay about the advantages and disadvantages of using the mobile phone.

**Note: Prepare a fair note of all the topics covered till date.**

#### Physics

- 1) Define radius of curvature & focal length in spherical mirror and hence derive the relation between them in concave mirror.
- 2) Define aperture and focal plane in spherical mirror. Show that focal length of convex mirror is approximately equal to the half of its radius of curvature.
- 3) Define real image. Derive concave mirror formula when image formed is real.
- 4) Define Virtual image. Derive concave mirror formula when image formed is virtual.
- 5) Derive convex mirror formula when image formed is virtual.
- 6) Define linear magnification and hence derive an expression for it in concave mirror.
- 7) Derive an expression for lateral or transverse magnification in case of convex mirror.
- 8) Discuss the nature, size and position of images formed by concave mirror. [All six cases]
- 9) Discuss the nature, size and position of images formed by convex mirror. [Two cases]

#### Project work

Introduce the different types of mirrors that you have seen & used in your real life and hence make the comparative study between them on the basis of their uses & advantages.

**Note: Prepare a fair note of all the topics covered till date.**
